ATO To Sponsor Vaccine Project

The Sabin Oral Vaccine Drive will be sponsored on the University of Tennessee Martin Branch campus by Alpha Tau Omega Colony in cooperation with local doctors.

The first vaccine will be given on Sunday February 9, at a time and location to be announced in the near future.

The remaining two administrations of the vaccine will be given March 15, between 1 and 4 p.m. and April 19, at the same hours.

In Martin the vaccine will be given at the high school from the hours of 1 to 4 p.m. on the same dates. In other cities of Weakley County the vaccine will be given at the same times.

Cost of the vaccination will be 25 cents per person. If it is not possible for any individual to pay this fee, vaccine will be given free. This is being made possible by the Weakley County Medical Association.

The ATO colony is sponsoring this drive on the UTMB campus in keeping with the fraternity policy of a Help Week instead of a Hell Week. They will also be responsible for the distribution of the vaccine to the other cities of Weakley County.

February 9, First Methodist, Martin; February 16, First Methodist, Dresden; and February 23, First Christian, Union City.

The Choralairs are also preparing a program to be presented during assembly programs in surrounding high schools. Tentative dates for the high school programs are being made for the latter part of this quarter and the first part of spring quarter.

Nationally Known Speakers Coming To UTMB Campus

Two nationally known newspapermen, John Seigenthaler and Don Whitehead, are tentatively scheduled to be on campus soon to address the student body.

Mr. Seigenthaler is editor of The Nashville Tennessean. He will speak on "The Role of the Press in our Society." He is scheduled to be here February 26.

Mr. Whitehead, retired foreign news correspondent, will address the student body sometime during the spring quarter. The date of his appearance has not yet been determined, but will be announced later.

Costumes-Props Enhance 'Heiress'

Rehearsals for Vanguard Theatre's winter quarter production, THE HEIRESS, are well under way, according to Shaw Robison.

Set in the fashionable home of a wealthy surgeon in New York's Washington Square of a century ago, the play tells the story of an awkward, unloved girl whose only chance at marriage is halted by her cold, sardonic parent. In defiance of her father an elopement is planned, but the fortune-seeking young man jilts the girl when he learns of her possible disinheritance which causes her to do a complete turn-about in character and personality. The remaining incidents manage to hold viewers' undivided attention.

The portrayals of roles by UTMB students will be enhanced by the period furniture and accessories of the set which are being supplied by the Vaughn Furniture Company and several antique collectors of this locale who will be lending valuable articles appropriate to the 1800 period.

Another "first" for Vanguard will be the authentic costumes which are being supplied through contract with Brooks-Van Horn Costume Company of Philadelphia, Pennsylvania. The name Brooks-Van Horn is quite well known to Broadway, professional companies, and college and university theatre departments. They have supplied costumes for celebrated stars and productions of this continent for more than 100 years. The costumes are calculated to be a show in themselves—authentic, elaborate, and impressive.

ASA Constitution Changes To Be Voted On February 4

Proposed revisions for the Constitution of the All Students' Association will be voted on by the student body, February 4, according to David Stroud, president of ASA.

Because of the increase in enrollment, the ASA Council thought it was necessary for the constitution to be revised.

Campus Leaders Will Be Chosen In Feb. 4 Voting

Students will vote in a campus-wide election Tuesday, February 4, for six men and six women to be designated as UTMB's campus leaders.

The man and woman with the highest number of votes will be named Mr. and Miss UTMB.

Eighteen men and 12 women were elected to be placed on the campus leader ballot at the All Students Association meeting Tuesday, January 21.

They are Tom Barnes, Jerry Bethune, Gene Brodie, Maurice Carroll, Larry Davis, Alan Hanks, Terry Huffstetler, Dan Murphey, J. T. Patterson, Cecil Settle, Mike Snow, Bill Springer, David Stroud, Scott Thompson, Charles Williams, Paul Young, Al Morris.

Cile Branham, Nancy Davis, Alma Greer, Olivia Hollabaugh, Lucy Lowry, Elaine McKee, Marita Moseman, Shirley Raines, Camille Sammons, Martha Lee Woods, Virginia Zachary, and Marilyn Mann.

Former Student Gets Scholarship

Miss Jessie Ann Crockett of Martin, former UTMB student now a sophomore student at the University of Tennessee College of Pharmacy, has been awarded one of two scholarships in the Nation by an international women's pharmacy sorority.

Lambda Kappa Sigma selected Miss Crockett from among 1,365 women enrolled in the 76 colleges of pharmacy in the country. The scholarship amounts to \$200. Miss Crockett attended the University of Tennessee at Martin for her pre-pharmacy education.

Students Fear Smoke Habit Rather Than Lung Cancer

BY PATRICIA CURRIE

The recent report of a United States government committee which linked cigarette smoking with lung cancer and cardio-vascular diseases has received nation-wide discussion. Yet the health factor doesn't seem to be the major concern of students on the University of Tennessee Martin Branch campus.

Several are trying to quit smoking in an effort to avoid being "trapped" by or addicted to tobacco. One professor who is trying to quit smoking confessed in a class discussion, "I appreciate more and more how much it (the cigarette) had me hooked!"

Today, more pipes and fewer cigarettes are seen among "collegiates" as students give up weeds for wood. In fact, a few girls have been known to try even a cigar in place of the desired cigarette.

All in all, the majority of smokers on our campus are not eliminating their use of tobacco; rather, they are merely changing forms of tobacco.

One change is that nominees for ASA offices must be presented to the ASA sponsors by the third Tuesday in April, on a petition signed by 25 regular students. The election of ASA officers will be held the first Tuesday in May. In the event that a candidate does not receive the majority of votes, a run-off election will be held the following Thursday between the two with the highest number of votes. When an office is vacated, the ASA council will elect the succeeding officer except the office of president. In the revision the election Commission has been increased to six members with duties specified of each member similar to the county government.

The election procedure has also been revised in that students must present their activities cards at the time of voting. At 5 p.m. the ballot box will be sealed until time for the commission to count the votes.

Another change provides that absentee ballots will be available for the first time for those unable to be present on day of election. Each one voting by absentee ballot must have a substantial reason for his not being present on election date. He must go by the ASA sponsors office three school days before election and vote in the sponsor's office and obtain the sponsor's signature on the ballot.

A major change written into the constitution sets forth that any candidate nominated for an ASA office must have intentions of remaining during the next academic year, and he must not hold any other major campus office. A student and faculty committee, appointed by the ASA council, will decide which campus offices would require so much of the candidate's individual time that he would be unable to perform the duties of the ASA office.

"I would like to encourage everyone to vote for the revisions and if anyone has any questions concerning any changes, I would be glad to talk with them," David said.

Copies of the new revision of the Constitution can be obtained from the ASA office on or before February 4.

(See text of changes, page 2)

Although seemingly little action has been taken, there is much talk about how to quit smoking.

In answer to this question, someone who experienced the problem said, "For me, and I believe for anybody else who is in earnest, there is only one way to quit, and that is just quit completely."

"One of the principal laws of habit, that of establishing a good habit or breaking a bad habit, is never allow an exception to occur."

Another member of the Martin Branch faculty beat the racket six years ago and quit after smoking 1-2 1/2 packages of cigarettes a day for 35 years. He said that he quit with more than half a carton of filter tips and a partially empty package still in his home. From that day until this, he has not smoked a single puff of anything.

Does tobacco still smell good? He says it smells "tantalizingly good", but a "get thee behind me Satan" will do the trick.

Just One More Drag?

Giggles Relax ASA Constitution Singing Pair Text Of Changes

By ERNIE MCCALL

Do you get butterflies in your stomach when you start to perform before a group?

Most people do, but two UTMB sisters who frequently sing in public relate that they are sometimes able to relax during their numbers. In fact, these lively young ladies have been known to become so relaxed in the middle of a song that they, for no reason at all, get tickled. When the audience caught the genuineness of the laughter, the merriment spread throughout the crowd, turning the girls into an embarrassed musical-comedy team.

Brenda Lewis Garner, a junior in elementary education, and her sister Donna Joan, a freshman in music education, have a rather talented family. Of the four sisters and one brother all including Mom and Pop are vocalists, and most of them play the piano.

When the family was younger, the five offspring formed a quartet with the oldest sister as their accompanist. Brother Van was only four when they started singing together. However, he was a good bass and performed nicely for a crowd. But for some strange reason, he always became embarrassed when his parents were present; thus they were forced to be absent for performances until Van grew up a bit.

The mother of this jolly group recalls the time that the quartet sang for a church social. When people started throwing pennies at the feet of her children, she cringed with fear that her brood might stop their harmonizing and start pocketing money just for the laughs if nothing else. However, she had little cause for worry because this was one occasion on which the quartet sacrificed humor for their song.

Brenda and Donna, who live on a farm near Dresden, sing religious music mostly. They have performed at talent shows, for any number of church groups, and frequently sing at dorm meetings.

Brenda, a fun-loving, slow, understanding person, finds time for Choralairs, BSU Choir, and the BSU executive council. In high school Brenda participated as cheerleader, senior football maid, Miss Ideal in Who's Who, and top ten all round students. Here at UTMB comical Donna is in chorus and will be a part of the freshman council at BSU. She was football queen and wittiest in Who's Who in high school days.

Mr. Lewis Garner, their father, has been magistrate of Weakley County for a number of years, but will take office as tax assessor in September.

University Extension Expansion Considered

Dr. James Arnold, dean of University Extension, Knoxville, and his assistant, George Gleaves, were on the University of Tennessee Martin Branch campus Tuesday, January 21, to discuss placing a full time extension person on the campus.

If approved by the university administration it may become effective sometime after July 1.

Responsible Citizens Vote!

Two big matters which UTMB students must decide upon are coming up February 4.

The first is the annual election of Mr. and Miss UTMB and a group of campus leaders or campus favorites, as they might be called more appropriately.

The second is a number of proposed changes in the All Students' Association Constitution.

A special ASA committee has worked long and hard on these revisions which, they believe, will better the constitution in many ways. But the changes will not be put into effect until they are voted and passed by the UTMB student body.

It is the responsibility of each student to become familiar with the proposals, and it is for this reason that The Violette has printed the complete text of the parts of the constitution which have been added and in which changes have been made. A feature story explaining the changes is on page one.

The purpose of the constitution is to provide an outline for student government on the UTMB campus, and thus it must meet with the approval of the students whose activities to some extent will be determined by it.

Not only is it important that students know who and what they are voting for, but it is also most important that they do vote, for it is only in this way that the majority make the decisions and this is both right and necessary.

Pianist Asked To Play Encores

Approximately 250 people heard pianist Robert McDonald in concert sponsored by the Mutual Concert Association here Friday night.

The artist opened the program with a lyrical piece, "Arabesque," by Robert Schumann. He also played "Sonata in A Major" from Mozart. This selection included "Funeral March" which McDonald had played while in Germany in commemoration of the death of President John F. Kennedy.

ROTC To Select Queen Of Ball

The Military Ball, sponsored by the Grenadiers Club, will be held at the Martin Armory, Friday, January 31, from 8 to 12 p.m.

One of the features of the Military Ball will be the crowning of this year's "Queen." She was selected from one of the seven sponsors of the Corps of Cadets by the Military Department and will be announced at the Ball.

"The Screaming Eagles," dance band from the 101st Airborne Division, Ft. Campbell, will provide the music.

Cadet Captain Joe Alphin and honorary Captain Gall Parks are host and hostess of this year's event.

He concluded the first part of the program with a "Sonata in B-Flat Minor" from Chopin. "Woodland Sketches" by Edward MacDowell and Dr. Aaron Copland's "Four Piano Blues" added variety to the evening of music.

Mr. McDonald finished his program with three French numbers by Debussy, "Jardins Sous La Pluie," "La Soiree Dans Grenade," "L'Isle Joyeuse."

For encores he played the last movement from the "Seventh Sonata" and the Viennese waltzes.

Total Enrollment Closes At 1512

Final enrollment figure for the winter quarter of 1964 is 1,512.

Resident students number 1,427, an increase over this time last year of 128, or 10 percent. Extension classes account for 85 additional students.

The student class enrollment is broken down in the following way: freshmen, 608; sophomores, 405; juniors, 229; seniors, 160. There are 10 special students, 13 part time students, and 2 transients.

The number of students returning, 1,347, make up the majority of the student body. Beginning freshman number 48, with 20 transfers and 12 co-ops.

Students on campus represent 49 counties, 17 states other than Tennessee, and one foreign country.

Devotees Of Modern Dance Perform Weird Gyration

By OLIVIA HOLLABAUGH

Most everybody's heard about it but how many actually know what it's all about? Modern dance, that is.

This quarter if you happen to pass by the women's gym at a certain hour in the afternoon you can't miss a group of 25 "women in black"—leotards—doing weird contortions on the floor and in the air. This is modern dance.

The first step in modern dance is getting used to wandering around barefooted in these brief outfits that fit like a second skin, except in baggy places, and make even the best-looking girl feel quite self-conscious.

After this is accomplished students begin by learning and practicing a number of exercises designed to loosen various muscles. Control is also emphasized—one must learn to become aware of every movement the body makes and to control these movements almost unconsciously. It soon becomes obvious that there is no way to avoid being conscious of every movement when one becomes so stiff and sore from the first few days of "limbering up"

by 42-35 and Alpha Gamma Rho by 54-41.

Congratulations to brothers Butch Dean, Tommy Doyle, Tommy Edwards, Jim Newcombe, David Oliver, and Larry Page for making the honor roll for the fall quarter. Brother Page's 3.8 average was highest.

that the simplest activities like walking, standing, or even sitting hurt, and bending over is pure agony.

The exercises vary from simply stretching and reaching up to more vigorous ones. For example, in one, the girls work in pairs—one lies on her side on the floor with the arm under her extended and the other holds her feet down—tight. The one lying down then raises herself—or tries to—sideways. Sounds ridiculous? Well it looks even sillier, but it has a purpose—control of a different set of muscles.

After the class masters a few of the basic exercises, they are led on to greater-things—like learning to walk, jump and even run the "modern dance" way. Focus is brought into the picture at this time. This means

that the dancer always focuses her eyes on something in front and above her so that she gets that glassy far away look. Actually the purpose of this is that if you are looking up and away, you can't possibly be looking at everybody else at the same time, and seeing how ridiculously silly they look, think about how you look. Because if a class member ever stops to think about her exaggerated movements she is done for; the first embarrassed giggle sweeps like a forest fire and soon nobody in the class can do anything—controlled or not.

However, in spite of all the seemingly unreasonable activities and exercises in which class members take part, each has a definite purpose. Before long class members compose their own dances, testing originality, creativity and ability and by the end of the quarter they are almost guaranteed to turn out being more graceful, more aware of body movements than ever before, more self-confident and in better shape, of course.

ATO's Defeat Pikes In IFC Basketball Tournament

Alpha Tau Omega won first place in the inter-fraternity basketball championship game over a stubborn Pi Kappa Alpha aggregation 48-44 to end the first organized IFC tournament directed by the Athletic Department, Monday night.

Pat Todd led the ATO's by pumping in 10 to aid in gaining possession of the tournament trophy. Jack Hall headed the Pikes with 19.

In the eliminations held Tuesday and Wednesday nights last week, four games were played. Pi Kappa Alpha summed up a 42-36 victory over Phi Sigma Kappa to gain a spot with a loser on the following night. Jack Hall led the Pikes with 19, while Allan Hanks totaled 16 points for the Phi Sigs. Immediately following that game, Alpha Tau Omega topped Alpha Gamma Rho 46-34. Fred Collins had 15 points for

the winners, and Maurice Carroll took 12 for AGR.

On Wednesday night, ATO gained a spot in the finals by taking Phi Sigma Kappa 49-36. Collins again was high scorer with 14 points, and Ronnie Yeiser had 12 for the losers. In the second game, Pi Kappa Alpha won over the AGR's 54-42 with Hall getting 18 points. Carroll had 14 for Alpha Gamma Rho.

Women's Teams Hotly Contested

Four teams now remain in this year's closely contested women's basketball tournament.

They are Orange, White, Green and Brown.

All four teams have advanced to this position without being handed a single defeat.

Playing in the first of the semi-final games Tuesday at 5 p.m. will be Orange team captained by Terry Culvahouse and Betty Blade's White team. Wednesday at 5 p.m. Diane Wyatt will lead Green team against Kay Roberts and her Brown team. Finals between the winners of these two games will be held Thursday at 5.

Ann Gill (White team) has set a record for points scored in a single game this year with 31 points, a big determining factor in her team's quarter-finals victory.

Over 155 women have participated in the tournament at this time a very good turnout in quality as well as quantity.

The deadline for Round 1 of the women's shuffleboard and badminton tournaments is this Thursday, Jan. 30 at 6 p.m.. The women's gym is open for badminton play at the following times: 2-5 p.m., Tuesday and Thursday; 10-11 a.m., Tuesday, Thursday, Saturday; 1:30-4 p.m., Saturday.

Round 1 of Mixed shuffleboard must be played by 6 p.m. Tuesday, February 4.

Vols Take Bethel 70-54

Ronnie Armstrong scored 22 points and got double-figure help from Larry Powers and Dolph Larimer as University of Tennessee Martin Branch downed Bethel College, 70-54, in basketball Monday night.

The score at the half was, UTMB 36, Bethel 29.

Powers and Larimer each scored 10, as UTMB booted to a comfortable early lead and was never headed.

Jerry Hibdon scored 16, Don Gibson 13, and Ernle Owen 11 for Bethel.

Thursday night UTMB will travel to Jackson to meet the ever-strong-at-home Lambuth College Eagles. Rivalry has become more and more evident between the two schools during the past three years and can definitely be carried on if UTMB students turn out for the game.

The Vols will host the Bulldogs of Union University Saturday night in a battle of VSAC records. Union lost to Belmont on a controversial 101-100 margin last week for their second conference loss of the season. They will come here with the same idea that the Rebels had in their mind last week.

Monday night another home game is on the schedule for the Volunteers. UTMB will have revenge in their minds, for the Belmont Rebels defeated the Vols in a previous game by three points and knocked them from first place in the VSAC.

U-T Martin's rising Volunteers took two non-conference victories during the past week to raise their season record to an even 6-6.

Football Awards Presented Today

Awards were presented to outstanding Vol football players who performed during the recent season Tuesday afternoon in an assembly at the new gym.

Guard Butch Dean was selected by a team vote as "Outstanding Lineman for 1963." The senior guard was a constant stalwart on offense and defense for three years at UTMB.

Fullback Gene Brodie received the "Most Valuable Back" award. Brodie led the '63 Vols in rushing and scoring. He has been a stand-out at Martin for the past four years.

End Kenny Dickson received the Tom Elam academic award of \$50 for having maintained the highest scholastic average among football players for the year.
